My activity:
 Coaching as national coach for our participant of the national team Germany
 Mr. Christopher Appiah
 ATTC (Accra Technical Training Centre)
 The USA does not issue a visa for the competition.

Reviews:
 The competitors welded a total of 6 workpieces during the four-day competition. These are objectively evaluated by different teams in each case, exact measurements and evaluations of the quality are carried out. The experts of the participating nations evaluate all in a very well organized scheme.

Competitor:

Expert (National Coach)

Briefing experts:

- Event Location:
 Lincoln Electric Training Center
 Cleveland / Ohio USA

WorldSkills Spezial Edition 2022 Cleveland Ohio / USA

Competition:

In the Competition all known welding methods are performed, (TIG, MIG, E-Hand).

Materials ; steel, stainless steel and aluminum are welded.

All common welding positions are to be welded. For the evaluations, there is an apparent evaluation of the quality and workmanship , measurements , fracture tests, pressure test and so on.
